Metro Pistol Team

At the end of the indoor Metro season, the CSC .22 caliber team was 5th out of the 6 teams in the league and the center-fire team was 5th out of the 6 teams - for a solid 5th place finish. They are now practicing every Thursday evening for their outdoor season which starts in May.

Bull's-Eye Pistol Competition

A description of Bull's Eye Shooting.

Spray paint the bottom of a one-pound coffee can black, set it on its side 50 yards downrange about chest height with the bottom facing you. Now with your favorite pistol in one hand, standing up with no rest shoot 10 rounds at the bottom of the coffee can. If you need to, take 10 minutes.

This is one-third of a Bull's-eye handgun match, also known as "conventional pistol" in official NRA terminology. Bull's-eye goes back to the 1941 and is the granddaddy of all popular handgun competition in this country. Its has been the standard for national and state championships, regional championships, and most outdoor tournaments.

If this sounds interesting and challenging, come out and join the club's pistol team for an introduction to the sport. The team starts its outdoor season on May 1.

What You Need - The minimum equipment you need to participate includes: a .22 caliber or center fire handgun that can hold at least 5 rounds with a barrel length that is practical for target shooting; the gun should have adjustable sights if you are going to use iron sights but red dot sights (not lasers) are also permitted; at least 30 rounds of ammunition for each gun; and eye and ear protection (mandatory). A spotting scope is also very helpful; however, it is not really needed to participate.

The course of fire is termed a "National Match Course

(NMC)." They shoot one NMC for .22 and one for center fire. You can shoot both .22 and center fire or just one of either. The team usually starts with the .22 match.

The first target is a slow fire target and you have 10 minutes to shoot 10 rounds. The second target is a timed fire target and you shoot two five-shot strings, each string to be fired in a time of 20 seconds. The third target is a rapid fire target and you shoot two five-shot strings, each string fired in a time of 10 seconds. After the .22 match they do it all over again but with a center fire firearm.

Both revolvers and semi-autos are permitted, however, a semi-auto is easier for the timed and rapid fire stages.

For indoor competition, all targets are posted at 50 feet; for outdoor competition the slow fire target is posted at 50 yards and the timed and rapid fire targets at 25 yards.

If you are interested in trying this form of pistol competition come to the range on Thursdays at 6:00 p.m. They will be more than glad to introduce you to the sport and tell you all about it. You are welcome to join the team in the live firing of each stage so you can get a feel for what they do. If you have any questions, call Deny Nill at 412-531-5890 or Bill Kramer at 412-835-5453.

Trap Shooting

Wednesday night trap shooting begins on May 4 from 6 pm to 9 pm. Sunday afternoon trap shooting runs year-round from 1:00 pm to 4:00 pm every Sunday and is open to the public. The cost for a 25-bird line of trap is now \$3.00 for adults, and \$2.50 for junior members.

Shooters can bring their own shotgun shells (shot can be no larger than 7 1/2) or they can buy shotgun shells at \$8.00 a box at the range.

Bring your favorite shotgun, eye and ear protection, and give it a try. For questions on this open trap shooting, please call Joe Montuoro at 412-833-0897.

Carrick - Mingo Shootout

The Carrick-Mingo Shootout League will start on May 6 at Mingo at 6:00 pm The competition alternates between Carrick and Mingo. Anyone wishing to join the league should call Joe Montuoro at 412-833-0897. The League would like you to have an average in the high teens.
